Social Engagement Program

The social engagement program is offered by the International Office of TH OWL and honors international experience and commitment for supporting international students by awarding an official certificate.

Target

The program's goal is to broaden the awareness of cultural diversity at TH OWL to all members on campus and the surrounding community. It is aiming at supporting new international students with their daily study life at the university as well as during their stay in Germany. All participants will obtain an official certificate appreciating their readiness for social engagement. The certificate can be used for future job or scholarship applications. EU and non EU students can complete the certificate.

Description

Interested students need to register for the program by emailing the International Office and submitting their participants form. The program can be started in either the Winter or Summer semester.

The program is based upon a social credit point collection (SCP) consisting of a minimum amount of 25 SCP which should be achieved. In order to obtain SCP, participants need to perform social engagement activities according to a catalogue which lists the various options. Participants can choose freely from different activities according to their own interests and abilities. In case participants collect more SCP than needed, this will be mentioned explicitly on the certificate.

At the end of the program term, participants will need to hand in a short report about their personal experience.

Process and Deadlines

In parallel to the program registration, participants need to also communicate the chosen combination of social events by sending an email to the International Office:

internationaloffice@th-owl.de

Upon expiry of the registration deadline, the International Office coordinates the event calendar with the participants for all communicated activities.

As soon as an event took place, the participant can have his/her performance confirmed by the International Office. The respective performance will be stored in their Social Credit Point account.

The minimum amount of 25 SCP must be achieved by end of 2 semesters. Also the report needs to be handed in by that time.

The SCP Account

The SCP account is kept in form of a SCP collection sheet which will be initiated and administered for you by the International Office.

Each performance will be confirmed on this sheet by the International Office.

The report

The report serves all participants for a short self-reflexion. It also serves for debriefing and enables the International Office to improve and adapt the program.

The report is designed in form of a questionnaire in order to assist your self-reflexion.

You can find the questionnaire on page 7.
