

Exam registration for exams in the winter semester 2024/25

Examination period (PZ):

PZ1: 27.01.25 – 07.02.25

PZ2: 24.03.25 – 28.03.25

In order to take part in the exams, you must register for the exams in advance. It is not possible to take part in the exams without prior registration.

A new campus management system is currently being introduced at the TH OWL. You will then only be able to register for examinations via the KIS portal.

Due to this system change, which is expected to be completed at the beginning of December, we cannot yet say when the exam registration period can start. We will inform you by mail in due course

So please check your mailbox and the homepage regularly!
