Detmolder Schule für Gestaltung

The OWL University of Applied Sciences and Arts offers you to show your thesis in the digital showroom of the Detmolder Schule für Gestaltung. This allows you to present your work to a larger audience and attract the attention of potential employers.

Please upload a selection of images from your thesis along with this signed form in digital format to Ilias until Monday before the certificate award ceremony. Please consider the specifications on the second page of this document. This is in addition to uploading them to Ilias at the examination office.

Letter of acceptance

I consent to the publication of my thesis on the website www.detmolderschule-galerie.de of the Technischen Hochschule Ostwestfalen-Lippe, plus its social media accounts (Instagram, Facebook).

Single Page <https://www.detmolderschule-galerie.de/ba-architektur/krematorium-rostock/mause>

Contents

Please create a short version of your thesis as an image gallery consisting of 5 image pages with meaningful illustrations and plans, photos, model photos, or videos.

1st Page: Cover image as a full-page illustration without text (photo or image without much white background).

2nd Page: Layout with text information

- Minimum text size approximately 24 pt (to ensure readability on smaller monitors)
- Title of the work, name of the graduate
- Names of the supervising professors
- Brief explanatory concept text

3rd – 5th Page: No specific requirements

Picture Files

- Maximum of 5 individual files per student work
- File format: jpg
- Individual file size max. 1 MB (total max. 5 MB per person)
- Exclusively in 16:9 landscape format
- Recommended image size: 1920 x 1080 pixels
- Export as jpg from software like Indesign, with a resolution of 150 ppi

Videos

- File formats: AVI, MPEG, MPG, MP4, MOV
- Exclusively in 16:9 landscape format
- Recommended resolution: 1920 x 1080 pixels
- File size max. 10 MB
- Redirects through QR codes displayed on the image files to other applications are also possible

Filenames

- Include your name in the file name
- Number the jpg files in sequence
