

Exam registration summer semester 2023

In order to take part in an exam, please register via the QIS server.

The login information for QIS were handed out to you with the other documents during enrollment.

<https://www.th-owl.de/studium/im-studium/pruefungen/>

The registration period for the exams in the **1st examination period** of the summer semester in June/ July **starts on May 22th, 2023 and ends on June 21st, 2023**. By this date you **MUST** have registered for all exams of the 1st examination period in which you wish to participate.

In addition, June 21st, 2023 is also the last opportunity to withdraw from an exam.

For the **2nd examination period**, the registration period also **begins May 22th, 2023 and ends on September 17th, 2023**. Also, the last possibility to withdraw from examinations in the 2nd examination period is on **September 17th, 2023**.

The „Covid rule“ which stated that students can withdraw by email up to 5 days before the respective exam has been dropped as of April 1st, 2022.

You will always lose an attempt for exam performances that are not passed or if the exam is not taken.

The „Corona special regulation“ which stated that examination performances which lead to a final failure according to the relevant examination regulations (i.e. 4 four failed attempts) can be repeated once is also out of force since April 1st, 2022.
i.e., if you fail an examination on the 4th attempt, you will be exmatriculated.

If there are technical problems with the registration (certificate etc.), please contact the user advisory service in the library as soon as possible.

All exam dates incl. date, times, on site or remote can NOT be found in CAS Campus, but always here:

<https://www.th-owl.de/gestaltung/studium/pruefungsaemter/pruefungsamt/mid-facade-and-computational-design/>

If something is still unclear about the exams (how will I be examined, when exactly is my turn, are the technical requirements sufficient? etc.), please contact the respective examiners shortly in order to get information.

Please inform yourself independently!

Best regards

Ina Klassen
